Interior fitout: Woods Glass (New Zealand) Limited

The translucent, clean appearance of the office space has been achieved with the use of Dorma's Manet sliding door system. The Manet system delivers clean functionality with ease of operation to the large entrance doors. Glass has been selected to provide acoustic benefits between offices.

Woods Glass was involved at the early stage, providing Craig Craig Moller Limited with design/detailing of the Dorma Manet hinged doors, curved Manet sliding doors and self closing sliding doors.
